

Electronic Monitored Positions

The Smart Track Key Cabinet

Electronic Monitored Positions

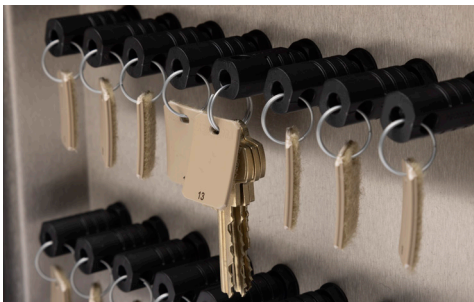

The KSI Smart Track Key Cabinet is a high tech, easy to use key management system. The cabinet allows authorized users access to keys using the KSI Smart Track App. Administrators can easily add users or view reports using the app. The Smart Track Key Cabinet helps reduce the risk of theft and downtime of operation. The Smart Track App is available in the Apple store or in the Google Play store.

- Who opened the door and when
- Which assets are taken or returned
- Who has a key

Dimensions

12 1/2" W x 17" H x 3 1/4" D
